

What is the Doft Loft?

Did you know that the sense of smell is processed in the Limbic System of your brain, the same location as our memory and emotions? This is why an uncommon scent can bring back long forgotten memories like they were yesterday. “Doft” is the Swedish word for aroma, and our “Doft Loft” is designed to immerse you in the natural fragrance of a forest, a bakery, or a tea room, and delight your mind with the memories those aromas bring.

On Saturdays you can not only smell our variety of Swedish Tea blends but see if you like their flavors as much as their scent. Customize them with a tart Nordic berry powder or Cardamom and other spices to give your taste buds a new smorgasbord of delicate flavors. Let the aroma of fresh baked Rye bread make you and your friends feel even more at home as you taste samples of cold smoked Salmon, Fennel & Herring sauce, and Cod Roe Caviar with a Swedish Meatball and Lingonberry Jam! Try delicious Rosenmuller cookies with Cloudberry Apricot Jam or our other varieties of jam you can't find anywhere else in America.

Stay a while and visit with friends or play a game of cards as you listen to Swedish hymns or Europop Vinyl records on our Gramophone! You can also enjoy the scent of burning candles, which along with our stock of handcrafted candles gives our teashop a delightful natural scent all week long. Our tea-infused candles also give a second use to used teas that otherwise might be disposed of.
